

CETP Module 3.1-3.5: Basic Plant Operations. What to expect: Students will take a number of quizzes and tests in order to assess their pace of learning. A multiple choice test will be administered at the end of the class. Topics covered in this class but not limited to include: information, practices, and procedures to safely and efficiently perform bulk plant operations tasks, mainly cylinder inspection, filling and requalification, and plant and equipment maintenance.

Tests are graded by a third party and the results are mailed to each company.

MO-PERC (Missouri Propane Education & Research Council) funding underwrites the cost of student and test materials as well as a copy of 2020 NFPA 58, pencils, markers and other materials. Lunch and break refreshments are also provided. Other meals, lodging and travel are not included in the class fee.

# Plant Operations

## CETP Module 3.1-3.5

**Offered by** the Missouri Propane Gas Association

**Supported by** the Missouri Propane Education and Research Council

**Who should attend:** Propane industry personnel who have previously completed CETP Module 1: Basic Principles and Practices and would like to expand their training to include Basic Plant Operations.

**CETP Module 3.1-3.5 Basic Plant Operations** is a three-day continuing education seminar. Students attending must have completed and passed Module 1, Basic Principles and Practices.
